This reading plan is meant to be helpful and not too time consuming. You are only reading 5 days per week. If you get behind, you have time to catch up on the weekends. If you get too far behind, just pick up on that calendar day and start again. The goal is to daily engage in God's Word. If we are doing this individually, our lives will be better because of it. If we are doing this together as a church, our JFBC family will benefit tremendously from it. So, take up and read!

You can also journal along with your daily reading and prayer time. One of the great patterns to use in journaling is the H.E.A.R. method. The acronym is merely a suggested plan to interact with God's Word, so that you get more out of your daily readings. Try it!

H.(Highlight) Highlight or underline the passages that stand out and speak to you. Write out the name of the book, the passage location (Chapter and Verse), and a little description of what you are reading.

E.(Explain) Do a little research and find out why the book you are reading was written. Who was the intended audience? How does it fit with the verses before and after? Why would God want this passage in the Bible?

A.(Apply) How can this help me? What does this mean for me today? What would it look like for me to apply this verse to my life? What is God saying to me?

R.(Respond) God is speaking to you through His Word, what are you going to do about it? Maybe you need to write out a plan. Maybe you will respond by writing out and praying what you've written. Maybe you need to discuss the verse with someone soon.
